

Targeted Audience:

- High performing CNAs who have the potential and motivation to train other CNAs at their facility
- Any healthcare professionals interested in improving the care and quality of life for older Americans

- No registration fee
- Small group trainings

Register Today!

- The mission of the Hand in Hand Training is to provide nursing homes with a high-quality training program that emphasizes person-centered care for persons with dementia and the prevention of abuse. This training addresses the need for nurse aides in-service training on these important topics.
- Interactive learning will be facilitated by the AQAF Performance Improvement Advisors, to include
- stimulating discussion, sharing of best practices, networking and information exchange.
